July 28, 1942

Mrs. Effa Manley
71 Crawford Street
Newark, New Jersey

Dear Mrs. Manley:

I planned to get in touch with you much sooner concerning the meeting held at the Y on July 8th, but I have been out of town practically every day since that time. After you left the meeting, we had a very frank discussion about the game. Two or three people felt that enthusiasm was not high enough and sufficient time was not available to warrant planning to have the game this season. I, personally felt that we could make the affair a success but I have to swing along with the committee and concede to their wishes. They expressed the desire to have a benefit game next year and plan to work on the details beginning September of this year. I hope that you will be willing to work along with us on a game for next year.

I was very disappointed that two or three of the group were afraid to tackle a proposition of that size but should have known from past experiences that these same people are afraid to tackle any really big proposition. If you will work along with me I can assure you that I can get a committee that is a live and willing to carry the plans through to success next year.

I would like to express my appreciation for your interest in the YMCA and assure you that we really are worthy of your interest and cooperation.

Very sincerely yours,

William R. Jackson
